

d-shell- "dis" "Deca- (for ten) Hedron"

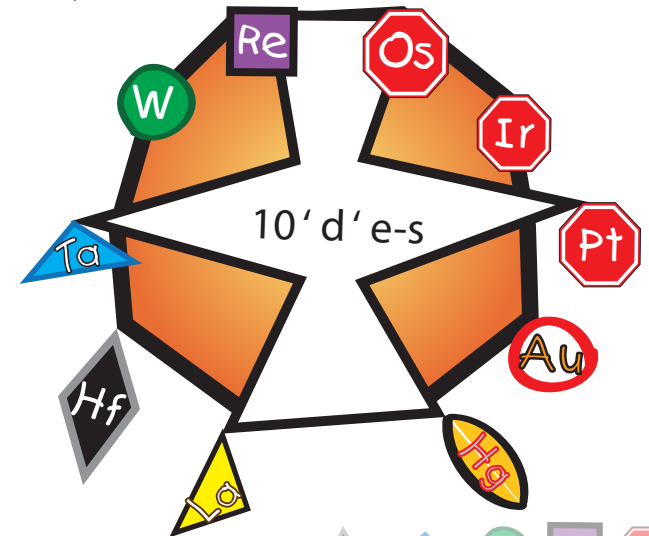

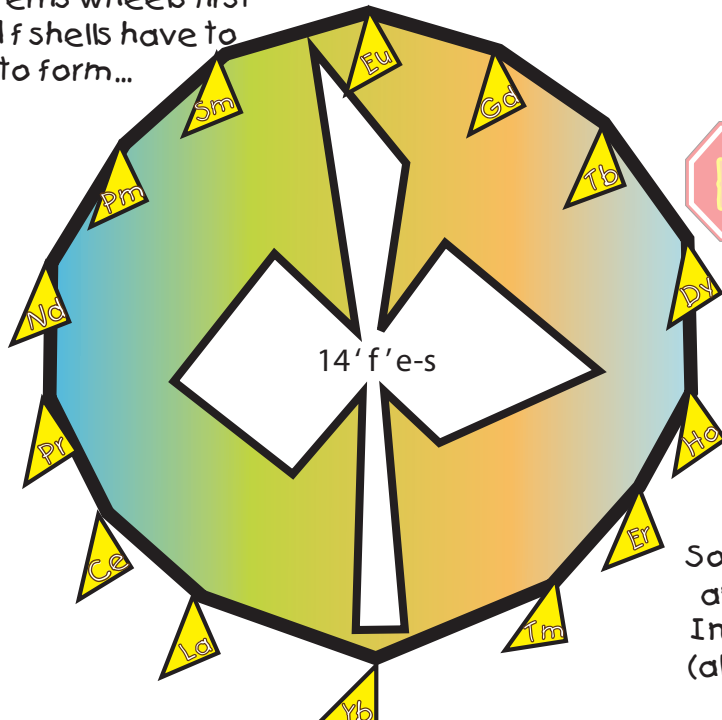

If you have to learn
geometry....
Let's USE IT!

Periodic Table of "d and f" Ferris Wheel e-Shell

See the TWO Octet Ferris wheels first
to see how the d and f shells have to
fit INSIDE to be true to form...

So there's Two lone "10 e-d shell"
and Two "14 e-f" Ferris Wheel
Inner e-Shells
(all inside the Octet Wheels)
